HOW TO USE

1

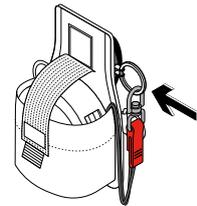

Remove tool ring from Retractor then insert Retractor into holster pocket. Feed end of Retractor cable out of holster pocket.

2

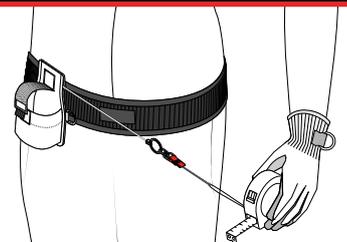

Thread tool ring back onto Retractor. The tool ring should be exposed outside of the holster.

3

Tether your tool or GRIPPS® Swivel Catch directly to the retractor unit tool ring.

4

You can now use your Retractor unit with your holster.
