FTGG2

**Description:**  
Medium Flexi-Tray with container grid

**Absorbency / Capacity:**  
22 Litres

**Dimensions:**  
102 x 52 x 5cm

**Application:**  
Containment

**Quantity**  
1

**Weight - Kg:**  
5kg

**Ean:**  
0640516611071

## Medium Flexi-Tray with container grid

Shallow flexible tray with grid deck, ideal for use as a contained dispensing or mixing area. The Flexi-Tray contains any leaks and spills and the grid keeps containers clear of any spilled liquids. Tray can be used without grid as a drip tray. Made from rubberised plastic the tray is lightweight and tough, the sidewalls reform after being trodden-on or crushed. Low profile design is ideal for sliding under plant and machinery or any situations where leaks and drips occur. Flexi-Tray can be lined with absorbent material to absorb liquids on contact to make emptying the tray easier and cleaner. Manufactured in Britain Low CO<sub>2</sub>
