

# 2099

HexArmor®

The Rig Lizard® Thin Lizzie™ Thermal 2099 features a fleece liner that provides warmth and insulation from the cold elements. With a double-dipped sandy nitrile full coating, the 2099 gives wearers liquid resistance and superior grip and abrasion resistance. The protection is extended with a back-of-hand IR-X® Impact Exoskeleton™, protecting against forceful smash and impact hazards.
