## SHORT HANDLE TAR BRUSH

High capacity  
coco bristle head

Sturdy 8"  
wooden handle

### Description

This Tar Brush is ideal for applying a range of high viscosity or heavy build coatings such as tar, bitumen paint and damp proofing liquids. Featuring high capacity dyed natural coco bristle for fast, efficient coverage mounted onto a sturdy 8" wooden handle, it is ideal for sealing surfaces and repairing leaks and damage to previous coatings on surfaces such as flat roofs, sheds and roads.
